

Mission Statement

Since 1990, Fr. McKenna St. Vincent de Paul Shop, through its' volunteers, members and programs, has been dedicated to aiding the elderly, homeless, working poor, physically handicapped and mentally challenged people of the lower Naugatuck Valley. We fulfill our mission without discrimination or religious affiliation by providing food, clothing, household furnishings, support and solace to our less fortunate brethren.

Our Thrift Shop, staffed by volunteers and stocked by donated goods, offers the dual purpose of providing a low-cost shopping alternative for the needy and generating income to purchase supplies for our food bank.

This year, we are expecting to aid over 700 families in a kind and loving way. Almost 3100 people from various backgrounds and walks of life will benefit from our work. In 2013, because of the goodness of others, we were able to service our large family of needy with over \$400,000 in food, clothing and gifts.
