A Great Opportunity

The Campaign for the Blackstone is an effort to ensure that the Branford Community can continue to count on the library as a literary, educational, technological and social focal point of the town for decades to come. The Campaign is the fundraising effort designated to pay a portion of the capital cost of renovation and redesign, in addition to funds from the Town of Branford and the State Library. Two primary groups that will be addressed by these renovations will be Branford's teens and seniors. Both groups are increasingly in need of a place to access technology, programming and meeting spaces. Physical changes to make the facility more accessible to seniors and more accommodating to the needs of teens will be cornerstones of the building improvements. In addition, families with younger children will find the new children's area to be safer and more age appropriate.
